**Item 7.01. Regulation FD Disclosure.**

On February 10, 2023, TransDigm Group Incorporated (“TransDigm Group”) priced the previously announced offering of \$1,000 million aggregate principal amount (which was increased from \$750 million aggregate principal amount) of 6.75% Senior Secured Notes due 2028 (the “Notes”) by TransDigm Inc., its wholly-owned subsidiary (the “Issuer”). The Notes will be issued at 100.000% of their principal amount. The Notes will be guaranteed, with certain exceptions, by TransDigm Group, TransDigm UK Holdings plc and all of the Issuer’s existing and future U.S. subsidiaries on a senior secured basis. The offering of the Notes is expected to close on February 24, 2023 subject to customary closing conditions.

TransDigm Group intends to use the net proceeds of the offering of the Notes, together with the net proceeds of the new tranche I term loans that it expects to incur in connection with the offering of the Notes (the “New Tranche I Term Loans”) and cash on hand, to repay all outstanding tranche E term loans and tranche F term loans under its existing credit agreement (the “Credit Agreement”) and to pay related fees and expenses.

The Notes and related guarantees are being offered only to persons reasonably believed to be qualified institutional buyers in reliance on the exemption from registration set forth in Rule 144A under the Securities Act of 1933 (the “Securities Act”), and outside the United States to non-U.S. persons in reliance on the exemption from registration set forth in Regulation S under the Securities Act. The Notes and the related guarantees have not been (and will not be) registered under the Securities Act, or the securities laws of any state or other jurisdiction, and may not be offered or sold in the United States without registration or an applicable exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, applicable state securities or blue sky laws and foreign securities laws.

This Current Report on Form 8-K shall not constitute an offer to sell, or the solicitation of an offer to buy, any securities, nor shall there be any sales of securities mentioned in this Current Report on Form 8-K in any state or foreign jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or foreign jurisdiction.

**Forward-Looking Statements**

The statements in this Current Report on Form 8-K contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All forward-looking statements involve risks and uncertainties that could cause TransDigm Group’s actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, TransDigm Group. These risks and uncertainties include but are not limited to: the ability to successfully complete the offering of the Notes, the issuance of the New Tranche I Term Loans and the repayment of the outstanding tranche E term loans and tranche F term loans under the Credit Agreement and payment of related fees and expenses using the net proceeds of the offering of the Notes, together with the net proceeds of the New Tranche I Term Loans and cash on hand; the impact that the COVID-19 pandemic has on TransDigm Group’s business, results of operations, financial condition and liquidity; the sensitivity of TransDigm Group’s business to the number of flight hours that TransDigm Group’s customers’ planes spend aloft and its customers’ profitability, both of which are affected by general economic conditions; current and future geopolitical or other worldwide events; cybersecurity threats, natural disasters and climate change-related events; TransDigm Group’s reliance on certain customers; the U.S. defense budget and risks associated with being a government supplier, including government audits and investigations; failure to maintain government or industry approvals; failure to complete or successfully integrate acquisitions; TransDigm Group’s indebtedness; potential environmental liabilities; liabilities arising in connection with litigation; climate-related regulations; increases in raw material costs, taxes and labor costs that cannot be recovered in product pricing; risks and costs associated with TransDigm Group’s international sales and operations; and other risk factors. Further information regarding the important factors that could cause actual results to differ materially from projected results can be found in TransDigm Group’s Annual Report on Form 10-K for the fiscal year ended September 30, 2022 and other reports that TransDigm Group or its subsidiaries have filed with the Securities and Exchange Commission.
