**Item 7.01 Regulation FD Disclosure**

As previously reported, on September 25, 2010, TransDigm Group Incorporated entered into a definitive agreement to purchase McKechnie Aerospace Holdings Inc., a privately owned supplier of innovative aerospace products, controlled by JLL Partners, for a total purchase price on a cash-free, debt-free basis of approximately \$1.27 billion in cash. Also on September 25, 2010, we obtained a commitment for a senior secured credit facility from certain banks in the amount of \$1.3 billion to finance the acquisition.

If market conditions permit, we anticipate that the acquisition, together with the refinancing of certain indebtedness, will be financed through a combination of term loans under this credit facility and the issuance of subordinated debt. In connection with the acquisition and this new financing and depending on market conditions, we would also intend to replace the revolving credit facility under our existing senior secured credit facility with a new, possibly larger, revolving line of credit facility and may repay a portion of the term loans under our existing senior secured credit facility. The new senior secured credit facility will be secured on a pari passu basis with any obligations remaining under our existing credit facility.

The terms of the new senior secured credit facility are currently being negotiated, and the refinancing of the existing revolving credit facility, the repayment of the existing term loan facility and the market for the subordinated debt are currently being evaluated. In addition, we may not be able to enter into a new revolving credit facility or issue subordinated debt on terms acceptable to us, or at all. Consequently, there are no assurances that the Company will enter into the new senior secured credit facility, issue subordinated debt, replace the existing revolving credit facility or repay all or a portion of the existing term facility.
